We kindly ask to give the very first question a favorably high score for the technician who serviced your unit today. (See sample to the right)  
**Please support the technician by giving a score 10.** 🙏

Service Technician: \_\_\_\_\_

*"If you have any feedback regarding Samsung products or scheduling, please leave it in the comment section instead of the survey."*

For any Inquiries, please contact us  
Home Service Network (201-672-9501) or  
call at Samsung (1-800-SAMSUNG)

Please hand out an NPS card to CX.  
And inform about the survey.

Based on the 3 month avg analysis, the result is 75.14%, significant below Samsung's target of 84%. Efforts to enhance performance are encouraged.

# NPS Recontract Guide

NPS target score : Over 60

HASS Target percentage : 75%

If the target is not met, it will be considered a 'FAIL'.

NPS follows the following regulations

Tech	1 month	2 month	3 month	Rating
Tech 1	Pass	Pass	Pass	PASS
Tech 2	Pass	Fail	Fail	Warning
Tech 3	Fail	Fail	Fail	FAIL

- Evaluations are based on the most recent three months.
- If all three months are marked as 'Pass,' the overall result is considered a 'Pass.'
- If the most recent two months are marked as 'Fail,' a warning will be issued.
- If all three months are marked as 'Fail,' it will be considered a failure, resulting in the issuance of a re-contract form which includes a 10% deduction in PPR.
- If a technician fails to meet the NPS score for 3 consecutive months, HSN will issue a re-contract form with a 10% deduction in PPR .
- Every month we choose the top 2 technicians for NPS and compensate them with \$1,000 each.

Thank You
